THE BROOKLYN POISONING CASE

Mrs. Van Syckel's Poisoned Tea.

Avvert of the Husband and Servant-Inquest Over the Body of the Victim-Interesting Medical Testimony.

The foneral of the late Mrs. Cathering Van Syckel took place yesterday afternoon, from the residence of deceased, corner of Henry street, and Love lane, Brooklyn Heights. The obsequies were attended by a numerous assemblage of friends of the de-parted woman, who was admired for her many excellent attributes of character and dispesition. The remains were taken to the Cemetery of the Holy Cross, Platbuch, where services were held in the morteary chapel, after which the body was congned to its kindred element. During the sence of the relatives from the house, Detective lideto, of the Central office, visited the domicile and arrested Mhanna O'Reary, the servant who handed Mrs. Van Syckel the tea which is sunosed to have or ntained the arsenic which caused he death of that lady. The prisoner was taken to the Washington street station house and was there ted up upon a warrant issued by Coroner Whitewill. Upon the return of John Van Syckel, the widower, Detective Corwin arrested that individual apon a similar warrant and consigned him also to the Cells of the First precinct.

THE INQUEST. The inquest over the body of Mrs. Van Syckel was commenced last night by Coroner Whitehill at his office is the County Court House. The first witness called was, Dr. Frederick H. Colton.

I asked her if there was any mative any one could have
in poisoning her; she answered that she had a very bad
husband; I asked her if he was at home at the time, and
she said no; he had been away since the day before in
the morning; then I replied that he could not have done
it; I inquired very closely about her symptoms in order
to ascertain if she had really been poisoned;
I found a lack of symptoms to indicate poison
except the vomiting and purging; this might have
heen brought about by eating indigestible food; she had
no pain; there was no sense of burning in the stomach
said bowels; no sensation in the throat nor along the
canal leading to the stomach; her voice was strong, head
clear; the white of the eye slightly red; there was no
thirst to any degree; I administered warm water freely,
and subsequently when I got some mutard I gave her
that; this came up in about the same condition as when
she took it; I failed to convince myzelf that there had

THE SEVENTY.

There was considerable stir arou. w the Everett House, where the Committee of Sevent meet, last evening. A delegation from the Tammany Society congregated in a little knot at one end of the cofe, the Committee of Ten on Nomination Were in fuller force than usual at the other. were in fuller force than usual at the other. At half-past seven a party of gentlemen, whose names appear prominently in the present Mayoralty canvass, arrived that original entrapes to the lottel, and were at once flown to a private barfor in the rear of the case, where they remained for half an hour closeted with the committee. They had no sooner departed than another party arrived, among whom, it is said, was Mr. Lawrence, and they contrived to interview the representatives of the Seventy for a considerably longer period. Nothing transpired as to the result of these consultations, as the committee remains very reticent. Messrs Choate and Schullen, now-ever, both assert that no Jecislon has yet been arrived at by the powers they represent.

MEETING OF INDEPENDENT REFORMERS IN THE SEVENTH ASSEMBLY DISTRICT.

A meeting of independent reformers was held in the Law School room of the University building last evening. There was not a very large attendance, but the proceedings were marked with a fair debut the proceedings were marked with a fair de-gree of interest. Mr. H. Nicoli was appointed chalfman and Theodore Davies vice chairman. A resolution appointing a committee of two from the Seventh Assembly district to confer with the Gen-eral Committee, headed by Mr. Charles O'Conor, was passed. Short speeches were made in favor of reform by Mr. Gilmore, Mr. G. W. Clark and Judge Davies. It was finally resolves to call another meeting for Saturday evening, and to advertise it a little more extensively than that of yesterday bad been.

NATIONAL DEMOCRACY.

The national democracy held a Judiciary Convention at their rooms on Union square last evening, for the purpose of putting in nomination candidates for Justice of the Supreme Court, Judge of the Superior Court of the city of New York, for City Superior Court of the city of New York, for City Judge and for District Attorney. Mr. George Shea, Chief Justice of the Marine Court, was made permanent chairman. The nomination of judges was postponed for the purpose of conference with other democratic organizations, and the Convention proceeded to the nomination of District Attorney. Mr. Benjamin Wood named ex-Recorder James M. Smith, who was nominated by acciamation. A committee was appointed to wait on Mr. Smith and inform him of the action of the Convention.

for the Final Contest.

There was very little business of any import, nee transacted at any of the headquarters yes erday. Among the most distinguished visitors who happened in at the liberal headquarters we re Thomas Acton and A. H. Lafin, both prominent Grant men, who felt good enough ove the October elections to come in and lock upon their discomfited enemy, whom they were astonis ned to find rather electric and spirited. Among the other more friendly visitors were Frank Believe, Warren Leland, John R. Stuart and W. A. Saunders, the colored orator, who still prisents a bold front. The event of the day in political headquarters is the address of Colonel Allon, Which we append below:

He not deinded with the response that both parties are alike guilty. This is the weak evasion of the enemy. Let villany such as indicated be crushed, whoever may suffer. Let no one for a moment believe that the liberal republicans participated in these acts of violence against an honest election. Every suggestion of such nature was condemned, and, so far as known, such acts were in no case attempted. The liberal republican party was organized to resist this very abuse, not to encourage it. Fellow countrymen, the purity of the bailotox must be defended, or dangers the most momentous threaten the Bepublic. The bailot is the very corner stone of our national existence. When that fails ruin envelops all. Unbounded wealth has been the bane of nations before our time. Has this disease, by which other States have failen, attacked us at last in the most vital part, the sanctity of the bailot? Our people will bow in submission to an honest election, but who shall declare that an Executive chosen by dishonest means, which annuls the popular will, may command popular obedience? Corruption grows with its own success, and, as may be expected, let these base deeds of the dominant party be repeated in November, and who shall say that the hour may not be fast appraaching when some energetic spirit shall thunder in the willing ear of an outraged nation that physical resistance to such mismy is obedience to God?

Fellow countrymen, the remedy is in your own hands.

God!

Fellow countrymen, the remedy is in your own hands.

Rebuke those who in open day so shamelessly bring this disgrace upon us. Our national security demands your cation. The vote is yet in your hands, and the lisult to these three great Commonwealths may be avenged. In spite of the frauds perpetrated, we have carried Indiana, reduced the vote greatly infolio and lost Pennsylvania only y startling corruption. The future is this of promise, deorgia proclaims in her great majority that the suffering Southern States, in their desire for equal rights before the law, will give 126 electoral votes to Horace Greeley. An honest Christian sympathy in the North will add to this more than enough votes to make his election sure. There is every cause for encouragement, and overy reason to hope for success.

The Democratic Headquarters.

The Spingler House headquarters were in charge of Major Banks yesterday, and was dull beyond compare all day. The following were the visitors:—
John A. Finch, of Indiana, chairman of the Liberal
State Committee, who reports Indiana sure for

Governor Morgan dropped in for a moment and gave some instructions to the young men; but otherwise they had nothing to do but cock up their heels and enjoy the Pennsylvania coal fire.

GRANT AND WILSON DEMONSTRATION IN WILLIAMSBURG.

The partisans of Grant and Wilson made a grand demonstration in Williamsburg last night. The "tanners and cobblers" of all the wards comprising that section of the city of Brooklyn turned out in full force with music, banners and mottoes and paraded the principal streets. At a late hour they entered Apollo Hall where they were addressed by E. Delafeld Smith, Daniel Uliman, Supervisor

After considerable squabbling about the down-town districts the ticket was made out satisfactorily to the entire committee. "A vote of secreey" adopted by the committee effectually put an end to the determination of some of the inembers to let "outsiders" know the result before the Convention meets. However, this much can be said authoritatively, that the liberals have three and the Germans three representatives on the ticket. To-day at two o'clock the committee will hold another meeting and decide definitely upon one or two of the districts which it is believed can be bettered by the substitution of other representatives than those already booked.

A vote was taken as to what candidate should be recommenced for the Corongrahip and resulted as follows:—Cooker, 9; Woltman, 9. The three absences (the committee is composed of twenty-one members) are Woltman men, and it is can credet that at the meeting to-day when all mands will be on deck, another vote will be taken on the queston. Croker's friends claim that he will have a majority of the Covertion, while the Woltman folks say they wan mave a large majority. At any rate it is a foregone conclusion that whatever candidate the Conference Committee recommend will be the victor in the Convention.

The beauties of political conventions were never more remarkably illustrated in New Jersey than yesterday. The democratic Convention to nominate a candidate for the Eighth Assembly district of Hudson county met at the Weehawken Club House, and to the astonishment of the bystanders, nominated ore Denis Dowd. Thereupon there was an uproar, and another Convention was the result. James U. Selleck was nominated by the Independent democracy. Sheriff Reinhardt came in for a load of censure for the part he played in the Weehawken Club House Junta. The eighth district has long been a prey to similar division. yesterday. MUNICIPAL MATTERS.

Department of Public Works. oner Van Nort sent the following letter to Comptroller Green, asking for the issue of new

DEFARTMENT OF PUBLIC WORES,
COMMISSIONER'S OFFICE, No. 237 Broadway,
NEW YORK, Oct. 10, 1872.

TO THE DEFARTMENT OF FIRANCE:—
Mr. R. A. Storrs, of your department, verbally informed me, about a week ago, that there was an unexpended balance of some sixty or sixty-five thousand dollars of the fund authorized by chapter 607, Laws of 1857, for the purpose of carrying on the construction of the Boulevard and avenues above Fifty-ninth sirect.

I bearn to-day, for the first time, by your letter of this date, that you have not sufficient funds to the credit of that account to meet the requisition made by this department for the sum of \$44.407 9 for payment of pay rolls of laborers, engineers, clerks, &c., employed on the above works.

of laborers, engineers, cirrar, account of the Monor works.

Under these circumstances I have requested His Honor the Mayor to call a meeting of the Board of Apportionment for a day earlier than the day of adjournment, to take action on the requisition of this department for the issue of \$250,000 in boads, pursuant to chap. 657, Laws of 1867. Hespectully, GEORGE M. VAN NORT, Commissioner of Fublic Works. The Board of Apportionment met yesterday and dopted the following measures to meet the city

A resolution was passed appropriating the sum of \$30,060 for the supply and cleaning of the county

A resolution was passed appropriating \$7,340 under the head of the "Donations of 1872" to refund, in pursuance of the law, the amount paid by the Missionary Society of the Redemptorist Fathers, who owe the Church of St. Alphonsus as a portion of the assessment for the widening of Laurens street.

Bonds of the city of New York were issued in the amount of \$250,000 to raise funds for the payment of the laborers on the Boulevard.

There was appropriated to the county account, to fill the deficiencies of George H. E. Lynch, the late Clerk of the Superior Court, as provided for in chapter 841 of the Laws of 1872, \$2,190. This money Mr. Lynch had used for his personal interests, in disregard of a decree of the Court.

The sum of \$10,000 was transferred from the construction and repairs account of the Department of Public Buildings to that of the Boulevards, Roads and Avenues.

The Business of the Comptroller. The Office of Arrears was very busy yesterday afternoon, and the corridors and rotunda of the new Court House were crowded with the rugged, sturdy forms of the pipemen and street laborers. They numbered about eight hundred, and were paid off as rapidly as possible, \$19,000 being given them dynamaths afternoon.

numbered about eight hundred, and were paid off as rapidly as possible, \$19,000 being given them during the afternoon.

To-day 800 of the Boulevard men will be paid their wages, the paymaster intending to begin satisfying their claims in the morning at High Bridge. Those at the Central Park will be paid on Thursday. The amount to be expended to-morrow is \$44,000.

Destructive Fire in Trenton-A Rolling Mill Partially Consumed—Loss \$70,000.

About half-past twelve o'clock yesterday afternoon a fire was discovered in the extensive rolling mill owned by Cooper, flewith & Co., of 17 Burling slip, New York, which is situated on the banks of the Delaware River, in South Trenton. It appears that while some of the workmen were eating their the roof of the frame building, where the flanges of the rails are repaired, to be on fire, whereupon they immediately seized some buckets and endeavored to quench it by throwing water, but seeing that their efforts were unavailing they at once gave the alarm. It was nearly half an hour before the Fire Department arrived at the scene, and in the meantime the fames spread rapid; until the pattern shop was a prey to the devouring element. The entire frame building, which was or cupied as a rail and beam mill, was shortly a hear of smouldering ruins. The wind being at an unfavorable point it was thought at one time that the fames would catch the surrounding buildings, wherein the machine and boiler shops were placed; but owing to the exertions of the fremen they were saved. The puddle mill was slightly damaged. These extensive workshops gave employment, the year round, to over six hundred men. By this calamity they are thrown out of work. There would be a great deal of suffering occasioned among these poor men's families if the proprietors of these works refused to rebuild. The loss occasioned by this fire is estimated at \$70,000. As far as can be ascertained there is no insurance. It is surmised that the friction of machinery was the origination of the fire. seeing that their efforts were unavailing they at

Early yesterday morning fire was discovered in the row of tenement houses on Elizabeth avenue, Elizabeth. A widow named Brennan and her two children narrowly escaped from a second story window. The property belonged to Dr. Washington, and was insured for \$4,000. The loss will reach about \$6,000.

Fires in this City. A fire broke out yesterday at No. 11 Rivington street that caused but slight damage, but was of a very dangerous character. Two small children who were left in charge of one of the rooms set fire to the carpet, and but for the arrival of an officer the house would have been burned.

rival of an officer the house would have been burned.

A fire broke out at six o'clock yesterday morning on the top floor of the three-story brick building 63 Prince street. The first floor was occupied by Conradie & Lawton, dealers in fancy leathers, who suffered aloss of \$1,000. The second and third floors were occupied by G. Schoonerman, a jeweiry case manufacturer, who has lost about \$7.000, but was insured in the Germania, Pacific and other companies for \$6,000. In the basement, occupied by Thomas Reynolds, a clockmaker, damage to the extent of \$100 was done. The building was injured to the extent of \$800. Insured for \$1,500.

At nine o'clock last night a fire broke out in the frame extension of the two story building, No. 241 Bowery, occupied by Brit, Wilson & Meyforth, cabinet makers, that caused a damage of \$3,000. Insured for \$5,000 in the Greenwich and Adriatic companies. The house is the property of J. J. Delapaine, and was damaged to the extent of \$500.

RAILROAD ACCIDENTS IN JERSEY.

Disaster-Collision-Two Men Killed. Yesterday morning a tramp, whose name could not be discovered, while walking along the track of the New Jersey Railroad, near Linden, was run over and killed. The body was fearfully mangled. The remains were gathered up, removed to the station and the Coroner notified.

In Newark yesterday afternoon the report prevailed that a collision had taken place on the road between two freight trains near Metuchen. A brakeman was killed and several cars wrecked.
